

# Movie Trailer Website

*Website plays the Movie Trailers on clicking the posters*

## Quick Start

- Open and Run **movie\_center.py** file in the Folder
- Browser will automatically open a **Marvellous** titled website
- Click on any poster image of the Movie.
- Youtube Trailer will open on the same page
- Click *close* to Close the Trailer

## Prerequisites

- Should have version of python **2.7** or above , Installed in computer
- Should have a updated and fully functioning **Web browser** .  
(Any common Web browser such as Chrome , Mozilla , Safari , Internet Explorer , Opera will work)

## Download or Use

- Github Repositories : [Movie Trailer Website](#)
